like putting the ping pong balls in the socks to make eyes of two!
Then stuff your friend with lots of fluff
and slip in the felt heart when you have added enough
Then tie up their tail with some ribbon real tight!
and glue on googly eyes and a felt smile with all of your might!
and now your love slug is a wonderful sight!

Another fun activity you can do is write a
friendship letter to someone who means a lot to
you! You can hide it where they will look like
the slug did, or simply give it to them to
brighten their day! Who knows, you might start
